Music and Lyrics by Julian Basurto, Music by Daniel Salazar

Verse 01:

Buried underground
Under the bathroom floor
Trapped under the dirt
Screaming out loud once more

I try to dig myself out
But I dig myself deeper
Into the ground
Haunted by ghosts that I swore I left behind

Pre-Chorus 01:

Made you an enemy in my mind
My heart sometimes
I'm losing all self-control
No hand to hold

Chorus:

I gave my power away
Soon as I filled up my mind
With those thoughts in my head

I gave my power away
I didn't know what to say
This time for sure
Won't give my power away

Verse 02:

Looked in the mirror
Where's the man?
I was before

Who can save me?
Never thought I feel this low

I try to dig myself out
But I dig myself deeper
Into the ground
Plagued by the memory

Of a life I left behind ooh

Pre-Chorus 02:

Made you an enemy in my mind
My heart sometimes
I'm losing all self-control
No hand to hold

Chorus:

I gave my power away
Soon as I filled up my mind
With those thoughts in my head

I gave my power away
I didn't know what to say

I gave my power away
Soon as I filled up my mind
With those thoughts in my head

I gave my power away
I didn't know what to say

I didn't have a hand to hold
Or a place to call home

Bridge:

I trapped myself in a box
Only I could get out of
Out of ooh

I claw and scratch at all costs
Chains only I can get out of
Out of ooh

And only I can save me

Chorus:

I gave my power away
Soon as I filled up my mind
With those thoughts in my head

I gave my power away
I didn't know what to say

This time for sure

I gave my power away
Soon as I filled up my mind
With those thoughts in my head

I gave my power away
I didn't know what to say

I didn't have a hand

Outro:

I remember
I remember back then
Didn't know who I was

I gave my
Won'y give my
Won't give my
Won't give my
